To

HER HIGHNESS THE MAHARANI SAHEBA,  
REGENT OF COOCH BEHAR.

*Dated, Cooch Behar, the 24th August, 1926.*

YOUR HIGHNESS,

We have the honour to submit the Annual Report on the Administration of the State for the year 1925-26, to which the several Departmental Reports are attached as usual.

2. *Constitution of the Regency Council.*—The constitution of the Regency Council underwent certain changes during the year under report. Babu Jagadballabh Biswas, M.A., B.L., Revenue Officer and Judicial Member, Regency Council, having died on the 28th of July 1925, Srijiut Rajani Kanta Bhaumik, M.A., B.L., Fouzdari Ahilkar of the State, was, with the approval of the Government of India conveyed in letter No. 1236 P.D., dated the 4th September 1925, from the Government of Bengal to the address of the Political Agent, Cooch Behar State, temporarily appointed to officiate as Revenue Officer and Judicial Member, Regency Council. He was relieved on the 12th of November 1925 by Rai Bahadur Hemendra Lal Khashtgir, M.A., who had recently retired from service under the Government of Behar and Orissa and who has been appointed, with the approval of the Government of India conveyed in letter No. 8363 P., dated the 22nd August 1925, from the Government of Bengal to the address of the Political Agent, Cooch Behar State, Judicial Member of the Regency Council and Revenue Officer of the State for a period of 3 years in the first instance. With the approval of the Government of India communicated by the Political Agent, Cooch Behar State, in his letter No. 852 C, dated the 7th August 1925, Kumar Gojendra Narayan was appointed fifth Member of the Regency Council, with effect from the 22nd August 1925. These were the only changes in the constitution of the Regency Council during 1925-26.

By the death of Babu Jagadballabh Biswas, Revenue Officer and Judicial Member, Regency Council, the State has lost an experienced, and capable officer who served the State well for many years. All the Courts, Offices, Schools and the College remained closed on the 4th August 1925, as a mark of respect to his memory.

3. *Judicial work of the Regency Council.*—The Council held 36 meetings on the Judicial side during the year under review against 33 of

the previous year. The following statement shows the work done by the Regency Council, exercising the functions of a High Court, during 1925-26 :—

4. *Legislative work of the Council.*—The Legislative Council of the State assembled on the 11th July 1925 to consider—

1. Bill No. II of 1920, (The Court of Wards Act).
2. Bill No. XI of 1920, (The Cooch Behar Stamp Act).
3. Bill No. XII of 1920, (The Cooch Behar Court Fees Act).
4. Bill No. II of 1923, (The Cooch Behar Official Secrets Act).

Of the four Bills, the first one went to the Select Committee for reconsideration and the next two to the Member in charge thereof for compilation of figures showing the fees that are being realised now, the fees that will be realisable under the proposed enactment and the fees that are now being realised in British India according to the law in force there. As regards the last mentioned Bill, the sense of the House was that the Bill might be held in abeyance and that the Regency Council on the Executive side be advised to frame simple rules on the lines of the Government Servants' Conduct Rules. This question was subsequently dealt with accordingly by the Executive Council as will be seen from paragraph 10 of this Report.

Under Section 4 of Cooch Behar Act, II of 1909 (An Act for the Legislative Council of His Highness the Maharaja), Kumar Nagendra Narayan was appointed, during the year of report, an Additional Member of the Cooch Behar Legislative Council, for a term of 3 years under Section 5 of the aforesaid Act, to represent the Rajguns *vice* Kumar Gojendra Narayan who, by virtue of his being appointed a Member of the Council of Regency, became a Member of the Legislative Council under Section 2(a) of the Act and in consequence ceased to be an Additional Member of the Cooch Behar Legislative Council to represent the Rajguns.

5. *Executive work of the Regency Council.*—On the Executive side of the Regency Council 15 meetings were held against 38 of the previous year. Only important questions which required to be discussed in Council and questions in regard to which there was a difference of opinion were taken up at these meetings. All other questions were disposed of by circulating the papers among members. This system, which makes for the speedy disposal of pending business, worked well and should be continued. The Executive work of the Council is dealt with under the three following heads:—

I.—General.

II.—Financial.

III.—Cooch Behar State Railway and Miscellaneous.

1—General.

6. *Death of Her Majesty Queen Alexandra.*—The sad news of the death of Her Majesty Queen Alexandra was received in the State with deep sorrow. Your Highness cabled a message of condolence direct to His Majesty the King-Emperor to which a reply was received by Your Highness. All offices, courts, schools and the College of the State remained closed on the 30th of November 1925, as a mark of respect to the memory of Her late Majesty Queen Alexandra.

7. *Grain Compensation Allowance.*—Owing to the high price of the common staple foodgrain of the State, i. e., rice, State servants who are in receipt of comparatively small pay were granted Grain Compensation Allowance with effect from the 1st April 1925, the system being as follows: When the price of common rice is dearer than 7 seers to the rupee all wholtime servants of the State and the Chaklajat whose pay does not exceed Rs. 15 per mensem, receive Re. 1 per mensem, and those whose pay exceeds Rs. 15 per mensem but does not exceed Rs. 25 per mensem Rs. 2 per mensem. A sum of Rs. 20,000 was provided for the purpose of this Allowance under V.—Miscellaneous (c) Sundries (5) Grain Compensation Allowance in the Budget for 1925-26.

8. *Transfer of the management of the Sani'y Academy to the Education Department of the State.*—With a view to improving the condition of this Academy for the education of girls, in which Your Highness takes a great interest, the management of the Institution, which was an aided one, was transferred to the Education Department of the State, during the year of report. It was decided that the existing Committee of Management should continue to function and assist in giving effect to the decisions of the Council on the various questions involved, and that the standard of the Academy should, for the present, be so raised that it might teach up to the 4th Class of a High English School. A sum of Rs. 10,000 was allotted for providing additional accommodation for the Academy, of which Rs. 5,000 was provided by the State and the balance was met from the funds of the Academy. A Ford Motor Car was also provided for bringing some of the girls to the Academy and taking them back to their homes.

9. *State policy regarding trade and business.*—The Regency Council having reason to believe that the action of the Council passed in

1891, prohibiting State officials from engaging in trade and commerce, were being contravened, passed orders, during the year of report, that no State official may, without the previous sanction of the Regency Council, engage in any trade or undertake any employment other than his public duties. Menials and, until further orders, Medical Officers and Officers of the Education Department are exempted from the operation of these orders which are based on the orders contained in the Government Servants' Conduct Rules.

10. *Prevention of the leakage of information from State Offices.*—As already stated in paragraph 4 above, the Regency Council, having reason to believe that leakage of information from offices in the State exists, issued orders, during the year of report, based on the orders contained in the Government Servants' Conduct Rules, with a view to preventing the communication of official information to persons not authorised to receive such information, infringement of the orders rendering the State official concerned liable to such punishment as may seem called for in the circumstances of the case including dismissal from State Service.

11. *Rules regulating the grant of advances and loans.*—The Regency Council had under consideration the question of granting advances and loans to State officials and others and the existing orders on the subject, and passed orders, during the year of report, laying down that in future *advances* will be granted only in those cases in which advances are admissible under the Civil Account Code as amended from time to time and that they will be granted subject to the conditions governing advances laid down in the Civil Account Code as amended from time to time. As regards *loans*, ordinarily, applications for loans from private individuals will not be entertained and loans to State officials will be granted only in very exceptional circumstances and on the conditions laid down in the Regency Council Rules for Loans and Advances, dated the 4th April 1925.

12. *Reorganisation of the Public Works Department of the State.*—The proposals (drawn up in consultation with the Superintending Engineer, Nothern Circle, Darjeeling) made by the Vice-President, Regency Council in the General Department of the State, in his letter No. D/41, dated the 28th August 1925, for the reorganisation of the State Public Works Department were sanctioned by the Regency Council with certain modifications. Briefly, the scheme of reorganisation which has been sanctioned is as follows :—

- (a) The appointment of an experienced officer from outside for the post of State Engineer for 3 years in the first instance, on pay according to his qualifications and experience and with Travelling Allowance according to the Civil Service Regulations.
- (b) Creation of two posts of Assistant State Engineer for 3 years in the first instance, the pay of one post being fixed at Rs. 400 per mensem and that of the other at Rs. 300 per mensem.
- (c) The pay of Overseers (4 Upper Subordinates, possessing Overseer certificate qualification, of whom one is to hold the post of Supervisor, Darjeeling Estate, and will be paid from the Darjeeling Estate Budget) to be on the scale 60-5 (Annual increment)—160 Selection grade, one post, 170-10 (Annual increment)—200 per mensem. They will draw a conveyance allowance of Rs. 30 per mensem if considered necessary and Travelling Allowances according to the Civil Service Regulations.

- (d) The pay of Sub-Overseers (9 Lower Subordinates possessing Sub-Overseer certificate qualification, of whom one will be deputed as Overseer, Town Committee, Cooch Behar, and will be paid from the Cooch Behar Town Committee Budget) to be on the scale 40-2 (Annual increment)—80 per mensem. They will draw conveyance allowance at Rs. 15 per mensem if considered necessary and Travelling Allowances according to the Civil Service Regulations.

3 or 4 inspections to be made annually by the Superintending Engineer, Northern Circle, Darjeeling, in accordance with the arrangements entered into with Government under Government of India letter No. 125 I. B., dated the 10th January 1905, to the Chief Secretary to the Government of Bengal, and which arrangements are still in force.

- (f) Submission of plans and estimates of all works costing Rs. 10,000 and over to the Superintending Engineer, Northern Circle, Darjeeling, for scrutiny and technical approval.

- (g) Maintenance of a list of the works administratively approved from time to time by the Regency Council.

It may be stated here that, with the approval of the Government of Bengal conveyed in their letter No. 2326 P, dated the 8th March 1926, to the Political Agent, Cooch Behar State, Rai Sarada Charan Mittra Bahadur, a retired Executive Engineer, Public Works Department, Bengal, has been appointed State Engineer with effect from the 24th March 1926 on a salary of Rs. 800 a month with a free house and Travelling Allowances under the State Rules.

As the Public Works Department has been reorganised and the staff strengthened and as the financial situation will be easier in 1926-27 the Regency Council decided, during the year under report, to provide more funds for the Public Works Department during 1926-27 to enable certain important and urgently required works to be carried out during that year. The more important works for which funds have been provided are given below :—

- (1) Rs. 5,000 for the construction of pucca wards in the Sub-Jail at Mekligunj.
- (2) Rs. 8,000 for making certain necessary improvements in the Victoria College buildings.
- (3) Rs. 10,000 for the construction of 2 dispensaries in the Muffassil. More dispensaries are required in the Muffassil and these will be provided gradually.
- (4) Rs. 8,500 for the construction of quarters for the Deputy Superintendent of Police at Mathabhanga.
- (5) Rs. 15,000 for the extension of the Public Works Department Office at Cooch Behar. The existing building is too small for present requirements, more especially as the Public Works Department has been reorganised and the staff increased.
- (6) Rs. 20,000 for constructing a house at Cooch Behar for the residence of Her Highness the Dowager Maharani.

- (7) Rs. 25,000 for the construction of a new Power House for the Electrical Department in the Narendra Narayan Park.
- (8) Rs. 5,500 for constructing a *Purca* Dak Bungalow at Mekligunj in place of the existing *Kutcha* building which is in a dilapidated condition.
- (9) Rs. 4,850 for the construction of quarters and a small dispensary for the Itinerant Veterinary Assistant Surgeon whose head quarters are at Mathabhanga.
- (10) Rs. 12,000 for the construction of a Sub-Jail at Tufangunj. This is an urgent work which has been held in abeyance owing to the financial stringency.
- (11) Rs. 80,000 for a water supply scheme for the town of Cooch Behar.
- (12) Rs. 30,000 for certain works at the Palace at Cooch Behar.
- (13) Rs. 40,000 for the reconstruction of the kitchen block with servants quarters at Woodlands, Calcutta. The existing buildings are insanitary and in a dilapidated condition and the State Engineer considers it necessary to reconstruct the buildings.
- (14) Rs. 15,000 for sanitary fittings and arrangements for Woodlands (main building).
- (15) Rs. 50,000 has been provided in the Electrical Department Budget (which is included in "(h) Public Works") for another engine which will be absolutely necessary for the purpose of the water works.

Provision has also been made in the Communication Improvement Fund Budget for 1926-27 for the following public works :—

- (1) Rs. 35,000 for the construction of bridges and culverts.
- (2) Rs. 50,000 for special repairs to roads.

13. *Water Supply Scheme.*—A reference to paragraph 11 of the Annual Administration Report for the year 1924-25 will show that the Regency Council contemplated the installation of a system of pure water supply for the town of Cooch Behar provided that the reports of the experts on the subject were favourable. Mr. G. Bransby Williams, Chief Engineer, Public Health Department, Bengal, who was consulted in the matter, visited Cooch Behar, in this connection, in July 1925, and subsequently submitted a water supply scheme for the town of Cooch Behar which was approved by the Regency Council. The scheme is estimated to cost Rs. 2½ lakhs. It was decided to spread the expenditure over two years—Rs. 1½ lakhs being provided in 1926-27, and Rs. 1½ lakhs in 1927-28. It was also decided that a sum of Rs. 45,000 would be appropriated from the accumulated surplus of the Pound Fund towards the capital cost of the scheme, and that a sum of Rs. 80,000 would be provided for the scheme in the Budget for 1926-27, thus making up the total sum of Rs. 1,25,000 sanctioned for expenditure during 1926-27. The north-west portion of the Narendra Narayan Park, which is in the centre of the town, has been selected for the location of the water works and Power House. A provision of Rs. 25,000 has been made in the Public Works Department Budget, Ordinary, for 1926-27, for the construction of the new Power

**House.** The whole scheme will be carried out under the supervision and direction of the Chief Engineer, Public Health Department, Bengal. The proposals of the Chief Engineer, Public Health Department, Bengal, in connection with rural water supply were also approved by the Regency Council, and an experiment is being carried out in the shape of sinking tube wells in 25 Taluks (villages) close to Cooch Behar town with a view to seeing, after the experiment has been given a proper trial, whether it will be feasible to introduce a tube well scheme on a large scale throughout the State with a view to providing the population in the Mufassil with a good water supply so far as may be possible.

14. *Extension of the supply of Electrical current in the town of Cooch Behar.*—Schemes for extending the supply of Electrical current in the town of Cooch Behar and the purchase of additional machinery came up for the consideration of the Regency Council during the year of report. As the expenditure involved was heavy and as the question was a technical one, it was thought advisable to get expert advice in the matter before arriving at any decision. The Political Agent for the State was accordingly requested in letter No. 1385, dated the 20th August 1925 (General Department), to move the Government of Bengal to permit the Council to consult the Electrical Adviser to Government in regard to the scheme. As there was some delay in receiving the requisite permission and as the question was urgent, it was subsequently decided to consult Messrs Octavius Steel and Company, Calcutta, in the matter. They were requested to send a representative to Cooch Behar who was to draw up a detailed report and scheme for the consideration of the Regency Council after a study of local conditions and requirements. The report submitted by Mr. C. C. Eastgate, a representative of the firm, was received in the middle of March 1926. A sum of Rs. 50,000 was provided in the Electrical Department Budget for 1926-27 to give effect, in part, to Mr. Eastgate's scheme.

15. *Reorganisation of the Cooch Behar town Fire Brigade.*—As the arrangements for dealing with fires in the town of Cooch Behar were wholly inadequate for the purpose, the Regency Council sanctioned a scheme for the reorganisation of the town Fire Brigade submitted by the Vice-President, Regency Council in the General Department. The scheme is briefly as follows:—

1. The purchase of a Dennis Motor Trailer Pump (as used by the Calcutta Fire Brigade) which is connected to, and drawn by, a Motor Lorry.
2. The purchase of a One-ton Ford Lorry Chassis fitted with a body specially designed by the Chief Officer of the Calcutta Fire Brigade.
3. The construction of a garage for housing the Ford Lorry and Trailer Pump.
4. A crew of seven men drawn from the Police Force, who will be trained with the Calcutta Fire Brigade.

The whole scheme was drawn up in consultation with Captain B. A. Westbrook, Chief Officer, Calcutta Fire Brigade, to whom the Regency Council are greatly indebted for the trouble he has taken and is taking to help and advise the Council in reorganising the Fire Brigade.

The non-recurring charges of the scheme amount to Rs. 13,680 and will be met as follows :—

	Rs.	A.	P.
1. From the Cooch Behar Town Committee	5,500	0	0
2. From the accumulated surplus of the Chaukidari Fund ... ..	5,500	0	0
3. From the accumulated surplus of the Pound Fund ... ..	2,680	0	0
Total ...	13,680	0	0

The recurring charges amount to Rs. 1,074 per annum and will be met by the Cooch Behar Town Committee.

16. *Resettlement*.—As stated in last year's report, the Regency Council's proposals for the resettlement of the land revenue of the State were forwarded to the Political Agent for his concurrence on the 4th April 1925, with a letter which reviewed at length all the questions requiring consideration.

The Regency Council had proposed to offer alternatives of a settlement for 99 years and of a settlement for 30 years, the former offer involving higher rates of revenue than the latter in the case of seven out of the fifteen classes of land. Their sole reason for proposing a 99 years settlement was that His Highness, the late Maharaja, had decided and publicly announced that the settlement about to be concluded would be for 99 years. After careful consideration of the proposals of the Regency Council, His Excellency the Governor of Bengal in Council was satisfied that a settlement for 99 years would not be in the interests of the Ruling Family, of the Joteders or of the under-tenants, and he was unable, therefore, to agree to it. His Excellency in Council, however, accepted the alternative proposal for a 30 years settlement and all the other proposals of the Regency Council. The orders of Government were received at the end of June 1925, and the final orders of the Regency Council were published, both in English and Bengali, in two successive issues of the State Gazette (dated the 13th July 1925, and 27th July 1925) for general information. Copies of the notification were forwarded to the Settlement Officer, the Revenue Officer, the Civil Judge, the Naib Ahilkars and the Sub-Registrars of the State for information and guidance.

The final orders may be summarized as follows. Fuller details will be found in the Report appended from the Vice-President Regency Council in the Settlement Department :—

- (1.) The period of the settlement about to be concluded shall be for 30 years ; but this period shall not apply to *p. yasti* lands, lands in towns and Bunders and new settlements of State *khas* lands.
- (2.) The provisional rates of assessment per bigha for the first three classes of ordinary cultivated land sanctioned on the 10th April 1922, and published in the State Gazette dated the 12th April 1922, are confirmed, (*i. e.*, the old rates for these classes are enhanced by 3 annas in the rupee). The old rates for all the other 12 classes of land are left unaltered. In the case of the special tracts (Girds Chowra, Sandara and Bilat Bisguri) the rates for all classes of land except culturable and unculturable fallow shall be  $\frac{1}{4}$ ths of the rates applicable to Jotes in the ordinary tracts.
- (3.) The rates and the period of settlement mentioned above for *Mal* and *Debutter Mahals* shall apply to the holdings in *Mokarari* and *Lakheraj Estates*.

- (4.) Fair and equitable rents shall be settled for all grades of under-tenants, including the *Krishiprajas* (illegally settled under-tenants now recognised under the title of cultivating raiyats) on the basis of the classification of the soil and as far as possible according to the scale of profits hitherto in force and now slightly modified in order to provide for the cases of *Krishiprajas* (*vide* (5) below). In the cases, however, in which the rents paid are in excess of the rents payable in accordance with the sanctioned scale of profits the procedure laid down below shall be followed :—

Where the existing contractual rent of an undertenure exceeds the rent calculated under the sanctioned scale of profits but does not exceed double that rent, the immediately superior landlord shall be allowed either the existing profit or a profit of 50 % in excess of that admissible under the sanctioned scale, whichever is less. Where, however, the contractual rent exceeds double the rent calculated under the sanctioned scale of profits, the immediately superior landlord shall be allowed double the sanctioned profit, provided that the contractual rent has been realised for more than 10 years, the burden of proving which shall be on the landlord. Failing such proof, the landlord shall be allowed a profit only 50 per cent in excess of that admissible under the sanctioned scale of profits.

In the case of under-tenants, where the existing rent is less than the rent payable under the sanctioned scale of profits, it shall be raised to the amount admissible under the sanctioned scale of profits.

In the case of all future settlements of under-tenants as also those not shown in the record-of-rights now under preparation, the rates of profit shall be limited to the sanctioned scale, and future settlements in contravention of the provisions of the Tenancy Act and of the Notification dated the 11th July 1925, containing these orders shall be annulled and the lease of the creator of such undertenure shall be liable to be cancelled or he may be liable to a fine.

- (5.) In the case of the illegally settled tenants (*Krishiprajas*), all such tenancies discovered in the course of the present revisional operations shall be recognised. Where more than one grade of such tenancies exists those of the lowest grade alone shall be recognised and the rights of the intermediate illegal tenants shall be recognised in respect only of the areas in their *khas* possession. The percentages of profits shall be the same as in the case of the legal under-tenants of the corresponding grades. If any *Krishipraja* be found under a *Tasya-tali-chukaniflar* the percentage of profit shall be raised to 65 in the case of such a tenancy.

- (6.) *Pattas* and *Kabuliyats* shall be presented for registration within 6 months from the date of creation of a tenancy. Failure to comply with this order shall be punishable with a monthly fine and no such document shall be accepted for registration after the expiry of 12 months from the date of creation of a tenancy.

The calculation of rents and revenue was started immediately after the issue of these orders and was completed during the year under report.

According to the recommendation of the Director of Land Records and Surveys, Bengal, the Ekwai-Jamabandis (rent and revenue rolls) were published at convenient centres from the 20th November 1925 till the end of the year, and objections made to any entry in the Ekwai-Jamabandi, or omission therefrom, were received during that period. Some of these objections were disposed of by the Assistant Settlement Officers during the year. The Resettlement Notification, dated the 8th July 1925, containing the provisions regarding the publication of Ekwai-Jamabandis and the disposal of objections and appeals was published, both in English and Bengali, in the State Gazette (Extraordinary) dated the 9th July 1925, and in the Gazettes dated the 13th July 1925, and 27th July 1925. In that Notification it was announced that, in view of the ignorance generally of the illegally settled tenants, the Regency Council proposed, as a matter of grace, to waive the claim to the stamp fee of Rs. 5 per *hal* or portion of a *hal* prescribed in the State Council Notification, dated the 2nd May 1918, for the recognition of the rights of those tenants.

17. *Cooch Behar Agricultural and Industrial Exhibition and Cattle Show*—An Agricultural and Industrial Exhibition, together with a Cattle Show, was held at Cooch Behar, in March 1926 under Your Highness' patronage. This is the second Exhibition of the kind held in Cooch Behar, the first having been held so far back as in 1893. The opening ceremony was performed by Your Highness on the 9th March 1926, in the presence of a distinguished assembly including His Highness the Maharaja Bhup Bahadur and the Maharajkumar and Maharajkumaris. The Exhibition lasted for ten days and drew large crowds of visitors. Every attempt was made to make it as interesting and instructive as possible and the Police Sports and the Bioscope and Jatra performances, which were held on the Exhibition ground, provided additional amusements for the large crowds which daily flocked to the Exhibition. Exhibits were received both from the State and from different parts of Bengal, Bihar and United Provinces. Among the Agricultural exhibits were vegetable products, grown in the various gardens in the State and others exhibited by the Agricultural Department of Bengal. Among Industrial exhibits the most interesting were silks, embroidery, khadder, endi, muga, Dacca muslins and cloths, brassware and utensils, ivory works and jewellery. Weaving demonstrations in looms were given by the Plassey Silk Factory, the Santipur Weaving Factory, the Tipkai Weaving Factory and the Dacca Abdullapur Weaving Factory. The Bengal Agricultural Department gave practical demonstration of the manufacture of butter. The Department of Public Health and the Social Service Federation deputed officers and representatives who gave addresses on social and hygienic subjects, which were listened to with attention. The total expenditure amounted to Rs. 14,717 towards which the State made a grant

35. *Rainfall.*—The total rainfall recorded in the town of Cooch Behar during the year under report was 128·60 against 162·13 inches of the previous year. The heavy rains during the first quarter of the year under report retarded the growth of the Bitri paddy and jute and also affected the weeding operations of these crops. The out-turn was thus poor. The sowing of tobacco seeds was delayed owing to the moisture in the land due to the heavy rainfall immediately before the season. The seasonable rainfall in June, July, August and September was beneficial to the growth of Haimanti paddy and its out-turn was good. Very little rain fell in the winter months.

36. *Crops and condition of the people.*—The following table shows the out-turn of Haimanti and Bitri paddy in the different Sub-divisions of the State during the year under report :—

Names of Sub-divisions.	Haimanti.	Bitri.
Sudder ...	15 annas.	6 annas.
Tufangunj ...	14 „	10 „
Dinhata ...	14 „	12 „
Mathabhanga ...	16 „	8 „
Mekligunj ...	14 „	8 „

37. The price of common rice ranged between Rs. 5-8 and Rs. 8-12 per maund during the year. Though there was a good harvest of Haimanti paddy the prices continued high and even at the harvest time did not fall below 7 seers per rupee. The high prices of jute proved a boon to the cultivators who would otherwise have suffered on account of the shortage of the Bitri paddy crop.

38. The area of land under jute cultivation during the year was 29,202 against 32,543 acres of the previous year. The out-turn of the crop was estimated at 8 annas. The shortage in out-turn was compensated by the abnormally high prices fetched by the crop. The price ranged between Rs. 14 and Rs. 25 per maund during the year.

39. The out-turn of mustard seed was estimated at 12 annas and that of tobacco at 10 annas. None of these crops could flourish well for want of sufficient winter rains. The cultivation of other *abi* crops was nominal.

40. The epidemic statement submitted by the Superintendent of Police, Cooch Behar, is given below :—

41. *Public health.*—Cholera and Small-pox and specially the former disease were as usual responsible for many deaths among the people. The outbreak of cholera was specially severe in the Mathabhanga Sub-division. All possible measures were taken by the State Medical Department to combat the outbreaks wherever they occurred. Of the 6 Bengali Hindoos and 3 Mahomedans, four were bonafide natives of the State and one was a local man.

Of the Nepalese recruits, whose antecedents &c. could not, under the rules of the Nepal Durbar, be verified, 18 were either discharged ( some owing to continued illness in the plains and some as unsuitable ) or rejected on verification as far as possible from other sources and a few deserted. No vacancies remained unfilled at the close of the year under report.

49. The important features of the year's working are briefly given in the following paragraphs :—

- (1) Withdrawal of Police from Sub-divisional Jail guards.
- (2) Relieving the Police of miscellaneous duties in connection with Pounds.
- (3) Better accommodation for 20 men of the Head Quarters Force in a house in close proximity to the lines, hired for them by the State.
- (4) Accommodation of the Reserve Office and provision of rooms for clothing, magazine, stores, magazine guard and the Intelligence Branch Office in a pucca building formerly occupied by the State Band and which now forms part of the premises of the Police Lines.
- (5) Construction of a new barrack with pucca plinth and walls and Corrugated Iron roof at Dinhata Police Station for the accommodation of constables with a room for Inspecting Officers.
- (6) Supply of Mosquito-curtains to men attached to the Head Quarters Force. This made a large difference as regards the health of the men and the holding of quinine parades in addition considerably reduced the number of fever cases.
- (7) Supply of bedding, blankets and mosquito curtains for Police patients in Hospital.
- (8) Supply of Cots to men attached to the Head Quarters force.
- (9) Creation of a miniature Police Club and housing six members in the old office of the Police Lines.

- (12) Encouraging the men to make their own gardens for growing vegetables and flowers in the compound of the Police Lines.
- (13) The reorganisation of the Cooch Behar Town Fire Brigade which will be manned by the Police. These men are being trained with the Calcutta Fire Brigade.
- (14) Better provision made for repairs of Police buildings under the Police Department including the quarters of officers.
- (15) Introduction of the programme of crime work by both Inspectors and Sub-Inspectors.
- (16) Opening of Crime Centres in affected areas as a preventive measure to stop recrudescence of crime.
- (17) The introduction of the system of road and border patrols and escorting bullock carts in convoys in co-operation with the Rungpur and Jalpaiguri Police as a preventive measure against robberies and dacoities frequently reported.
- (18) Interchange of notes on crime between bordering districts viz.—Rungpur, Jalpaiguri and Goalpara.

- (19) Remarkable decrease of heinous crimes such as robberies and dacoities, due mainly to the preventive measures taken. There were only 15 dacoities and 5 robberies as compared with 30 and 13, respectively, during the year preceding.

50. *Cost.*—The original budget provision for the year was Rs. 1,00,848 and the revised provision was reduced to Rs. 1,00,581 against Rs. 1,02,476 of the previous year. The total expenditure was Rs. 99,278 against Rs. 98,550 of the preceding year.

The Police refused investigation in 220 cases and 76 cases remained pending at the close of the year, either with the Police or with Magistrates.

(b) There has been an increase of 84 cases in the total number reported during the year, over that of 1924-25. This increase is spread mainly under three heads *viz.*—33 under burglary, 14 under Railway cases and 37 under public nuisance and the Police Act.

(c) The most satisfactory feature of the year's working in respect of crime is the remarkable decrease in the number of cases of the more heinous crimes, *viz.*—15 dacoities and 5 robberies, as compared with 30 dacoities and 13 robberies during the preceding year.

The percentage of charge-sheets in true cases was 46·4 against 35·3 of the preceding year and the percentage of cases ending in conviction to cases sent up for trial, was 88·3 against 84.

While more men from Mofussil joined the Hospital, there was a considerable decline in the roll of sickness among men of the Reserve Force at Sudder.

- (ii) The daily average of sick in hospital was 3.35 against 4.73 of the preceding year, and a large number of these patients were from Mofussil Thanas.

70. *Good Conduct Allowances*.—At the close of the year under report 43 men were drawing good conduct allowance at Re. 1 per mensem.

No good conduct stripes were issued during the year as they serve no useful purpose and have been discontinued in Bengal.

A scheme for the complete reorganisation of the Cooch Behar Town Fire Brigade involving a non-recurring expenditure of Rs 13,580 has been sanctioned by the Regency Council. 		1924-25.	1925-26.

	Amount of Rewards ...	Rs. 75	Rs. 34
B. Gratuity	No. of Chaukidars ...	8	8
	Amount of Gratuity ...	Rs. 190	Rs. 189
Total rewards	Rs. 940 (This includes A and B. and a sum of Rs. 717 paid as Koraki to Chaukidars).		
		1924-25.	1925-26.
		Rs.	Rs.
C. Total Amount of ...	... fines realised.	219	398

A large portion of fines imposed remains unrealised owing to irregular attendance of Chaukidars and non-payment of their pay by Panchayets. The attendance was unsatisfactory and the work of the Rural Police in the matter of reporting births and deaths and epidemics was also unsatisfactory. The introduction in the near future of a system of paying Village Chaukidars their pay quarterly in the presence of a Gazetted Officer will, it is expected, result in an improvement in their work and better attendance at thanas and will also facilitate realisation of fines.

Total	848	659	688	160	13,419	13,730	5,423	19,153	32,572

The number of pupils on the rolls of the 4 Sub-divisional High English Schools on the 31st March 1926, was 848 against 841 on the corresponding date of the previous year, showing an increase of 7 pupils.

The average daily attendance in these schools was 81·8 percent of the average enrolment as compared with 81·7 of the previous year. The number of English-reading pupils rose from 676 to 688. Of the total number of 848 pupils, 703 were Hindus, 139 Mahomedans, 3 Christians and 3 of other communities as compared with 678 Hindus, 152 Mahomedans, 4 Christians and 7 of other communities in the previous year. The number of pure Cooch Behari pupils in these schools was 366 or 43·1 percent against 45·3 percent of the previous year.

The total expenditure on these schools was Rs. 32,572, of which Rs. 13,419 were contributed by the State, while Rs. 13,730 and Rs. 5,423 were met from School fees and other local sources respectively. The corresponding figures in the previous year were Rs. 32,827, Rs. 13,849, Rs. 13,185 and Rs. 5,793. The total expenditure decreased by Rs. 255, mainly due to savings effected in the establishment cost of the Mathabhanga and the Dinhata High English Schools. The apparent decrease of Rs. 430 in the State's share of the expenditure was due to the inclusion of the State contribution of Rs. 511 in the preceding year for the extension of the Tufangunj Boarding, which was a non-recurring charge.

A scrutiny of the details of income and expenditure of these schools shows that only the Mekligunj and the Tufangunj Schools worked at a deficit to make up which the interest on the invested funds had to be drawn.

The financial position of the Sub-divisional High English Schools is sound notwithstanding adverse economic conditions affecting their local resources, as the invested funds to their credit stood at Rs. 61,398-18-9 on the 31st March 1926, and the Secretaries had also a cash balance of Rs. 8,162 at the end of the year.

149. *Teaching Staff.*—The Sanskrit Pandit of Makligunj School resigned his post which was filled up by the appointment of a new hand.

The 7th Assistant Teacher of the Tufangunj School resigned his appointment and an I. Sc. passed man was taken to fill up the vacancy. There were no officiating arrangements in the cases of the 1st and the 3rd Assistant teachers who were granted privilege leave for short terms.

The 4th Master and the Head Pandit of the Vernacular Department of the Dinhat High English School died during the year under report. A B. A. was taken in as 4th Master and temporary arrangements were made to carry on the work of the Head Pandit.

The Assistant Head-master of the Mathabhang High English School died after being on medical leave for over 3 months. A graduate outsider was appointed to act for him. The Persian Teacher of the School was absent on privilege leave for 2 months and 18 days and another Moulavi was appointed to act for him during his absence.

150. *Managing Committees.*—There were 5 sittings of the Committee at Mekligunj, 4 at Tufangunj, 4 at Dinhatā and 5 at Mathabhanga.

151. *Examination Results.*—The following table shows the results of Sub-divisional High English Schools in the different public Examinations during the year under report :—

From the above table it will be seen that 39 candidates were sent up for the Matriculation Examination in 1926 from the four Sub-divisional High English Schools against 44 candidates of the year preceding. 23 of them came out successful, 12 passing in the 1st division and 11 in the second.

Twenty-four boys were sent up to the different Scholarship Examinations from the Vernacular Departments of these schools, of whom 16 passed, 6 in the first division, 8 in the second and 2 in the third. The percentage of passes was 66.6 against 80 of the previous year.

152. *Discipline.*—There was no case of breach of discipline.

153. *Prizes.*—I was present at the distribution of prizes for the Tufan-gunj and the Mathabhanga High English Schools. The sanctioned State grant of Rs. 333 for prizes of these schools was duly remitted to the Secretaries.

154. *Boarding Institutions.*—The number of Boarders in the Boarding Institutions attached to the Sub-divisional High English Schools was 108 on the 31st March 1926, against 105 of the previous year, showing an increase of 3 inmates. Of these, 81 were Hindus and 27 Mahomedans and 48 pure natives of the State.

During the year under report, the Rajgons who had been sent to the Dinhata Boarding on the abolition of the Raj Rajendra Narayan Boarding Institution, Cooch Behar, were removed from Dinhata for education elsewhere.

The general condition of these Institutions in respect of diet and sanitary arrangements as well as supervision and control continued to be satisfactory.

The provision of a pucca plinth in a part of the dormitory on the Hindu side of the Mekligunj Boarding and the construction of a small brick-nogging corrugated iron roofed house in the Mathabhanga Boarding were among the works done by the Public Works Department during the year under report in connection with the Boarding Institutions.

The State paid Rs. 1,899 towards the up-keep of these Institutions.

155. *Educational Conference.*—The Annual Educational Conference of the Head Masters of the High English Schools in the State was held on 22nd November 1925, under the Presidentship of the Principal, Victoria College, Cooch Behar. The following subjects were discussed:—

- (a) Selection of Text-books for High English Schools for the 1926 Session.
- (b) Revision of Admission and Transfer Rules for High English Schools.

The resolutions passed were submitted to me for consideration and orders in regard to them were duly communicated to all concerned.

156. *The Middle English Schools.*—The Middle English Schools seem to be most popular and the demand for them is growing. Two new English Classes attached to Vernacular Schools were opened with local support and one Middle Vernacular School was converted into Middle English School during the year under report.

The following table gives particulars of the Middle English Schools in the State as they existed on the 31st March 1926:—

It will be seen from the above statement that the total number of Middle English Schools was 20, of which 17 were aided and 3 unaided, against 17 aided and 1 unaided of the previous year. The opening of two English Classes in connection with the Unishbisha Middle Vernacular and the Khalishamari Upper Primary Schools during the year under report accounts for the increase of two in the number of unaided institutions of this class.

On the 31st March 1926, there were 1001 pupils on the rolls of the regular Middle English Schools against 811 of the preceding year, showing an increase of 190 in the number of pupils. The average daily attendance of these schools also rose from 526 to 611. A closer scrutiny of the table will show that the number of pupils improved in 10 schools by 222, decreased in 3 by 32 and remained stationary in one, the net gain being thus 190. Of the total number of pupils, 650 were Hindus and 351 Mahomedans against 449 Hindus, 357 Mahomedans and 5 of other communities of the preceding year. There was thus a remarkable increase in the number of Hindu pupils. The percentage of attendance in these schools also showed considerable improvement, being 83.3 percent against 70.6 of the preceding year.

The number of English-reading boys in these schools was 772 on the 31st March 1926, against 671 of the preceding year, showing an increase of 101 pupils.

The expenditure incurred for the maintenance of these schools during the year under report amounted to Rs. 12,290, of which Rs. 4,911 was contributed by the State and Rs. 7,379 was raised from the various local sources. The corresponding figures for the preceding year were Rs. 11,389, Rs. 4,624, and Rs. 6,765. The total expenditure increased by Rs. 901, the State's share in the increase being Rs. 287 and the people's Rs. 614.

The following comparative table shows the results of these schools in the different Scholarship Examinations for the last 2 years :—

From the above table it will be noticed that 139 candidates were sent up from the Middle English Schools for the different Scholarship Examinations, 33 for the Middle English, 22 for the Middle Vernacular, 50 for the Upper Primary, and 34 for the Lower Primary. Of these, 115 came out successful, 35 in the first division, 57 in the second and 23 in the third. The percentage of success rose from 66.1 to 82.7 in the year under review.

157. *State Model Vernacular Schools.*—A proposal was submitted during the year under report for removing the Sudder Model School from its present site and accommodating it elsewhere. The Regency Council have, on account of the cost involved, decided that the matter may be held in abeyance for the present.

To impart sound English Education, a scheme was submitted for the conversion of the Sudder Model Vernacular School into a regular State Model

Middle English School by amalgamation of its English Department with the Vernacular Department. The matter is under the consideration of the Regency Council.

The following table summarises the condition of the State Model Vernacular Schools as they existed on the 31st March 1926:—

	Total ...	844	499	718	6,103	1,509	7,612

It will be seen from the above that the number of Model Vernacular Schools in the State remained unchanged at 13. There were 814 boys on the rolls of these schools on the 31st March 1926, against 798 on the corresponding date of the preceding year, showing an increase of 16 boys. The average daily attendance remained stationary at 499, while the percentage of attendance in them was 70.0 against 73.7.

Of the total number of pupils in the Model Schools, 525 were Hindus and 289 Mahomedans, against 557 Hindus, 233 Mahomedans and 8 of other communities of the preceding year. It will be seen that the number of Hindu pupils decreased by 32, while that of the Mahomedans rose by 56.

The total expenditure for the maintenance of these 13 Model Schools amounted to Rs. 7,612, towards which the State contributed Rs. 6,103 and Rs. 1,509 were met from fee collections. The corresponding figures for the previous year were Rs. 7,102, Rs. 5,538 and Rs. 1,564, respectively. Thus the total expenditure increased by Rs. 510 and the State's share by Rs. 565 owing to sanctioned periodical increments to the pay of Head Pandits and grain compensation allowance to poorly paid teachers.

The Model Schools sent up 23 candidates to the Middle Vernacular, 46 to the Upper Primary and 27 to the Lower Primary Examinations. Of the total

of 96 candidates, 5 were absent and 76 passed, 35 in the first division, 33 in the second and 8 in the third, against 89 candidates and 69 passes of the preceding year. The percentage of passes was 83.5 against 83.1 of the previous year.

158. *Middle Vernacular Schools*.—The number of aided Middle Vernacular Schools in the State on the 31st March 1926, was 16 against 17 of the preceding year. The changing of the Chaupathi Middle Vernacular School into a regular Middle English School accounts for the loss of one institution of this class.

The number of pupils on the rolls of these schools on the 31st March 1926, was 833 against 861 of the previous year, showing a decrease of 36 pupils. The average daily attendance remained stationary at 561, the percentage of attendance being 76.7.

The expenditure on this class of schools amounted, during the year, to Rs. 4,752, of which the State paid Rs. 2,882 and the people Rs. 1,870. The corresponding figures for the previous year were Rs. 4,877, Rs. 3,030 and Rs. 1,847, respectively. With the decrease of 1 in the number of Institutions, the total expenditure decreased by Rs. 125.

These schools sent up 14 candidates to the Middle Vernacular, 30 to the Upper Primary and 56 to the Lower Primary Examinations. Of the total of 100 candidates, 2 were absent and 93 came out successful, 41 being placed in the first division, 44 in the second and 10 in the third. The percentage of success was 96.9 against 71.6 of the previous year.

159. *Special Schools*.—The number of special schools continued to be 3 as in the preceding year. There were 118 pupils on the rolls of these 3 schools on the 31st March 1926, against 111 of the year before, showing an increase of 7 pupils. Of these, 25 were Hindus and 93 Mahomedans. The average daily attendance of these schools improved last year from 75 to 92.

The expenditure on these schools amounted to Rs. 733, of which Rs. 409, was met from the State and Rs. 324 from local sources against the corresponding figures of Rs. 702, 420 and Rs. 282 in the preceding year.

160. *The Sudder Nagri School*.—The Sudder Nagri School had on the roll 39 pupils, of whom 30 attended daily on an average. The corresponding figures for the preceding year were 37 and 22.

The school sent up 3 candidates to the Lower Primary Examination who were examined in the Text-books prescribed for the same examination in the Patna Division. All of them passed in the 1st Division.

161. *The Sudder Madrasa*.—The number of pupils on the rolls of the Sudder Madrasa on the 31st March 1926, was 33 against 31 of the preceding year. The School gained 2 in strength but its average daily attendance remained unchanged at 25.

The expenditure on this school amounted to Rs. 264 towards which the State contributed Rs. 144 and the people Rs. 120. The same expenditure was incurred in the preceding year.

As in previous years, the Persian Teacher of the Jenkins School examined the boys of this school at the time of the Lower Primary Examination. The results were not satisfactory and the Maulavi has been warned to give better tuition.

162. *Anjumani Islamia Institution*.—This school had on its rolls on the 31st March 1926, 40 pupils, of whom 37 attended daily on an average against 43 and 28, respectively, of the year before. The school lost 3 in number and gained 9 in attendance.

Two boys were sent up for the last Upper Primary Examination and 3 for the Lower Primary. All of them came out successful, 3 in the 2nd division and 2 in the third.

163. *Mahomedan Education.*—The total number of Institutions for the special education of Mahomedan boys in the State on the 31st March 1926, including the Sudder Madrasa and the Anjumani Islamia which have been returned with Middle Vernacular schools, was 18 against 16 of the preceding year. Of these, 10 were aided and 3 unaided. The number of aided schools remained unaltered, while that of the unaided ones decreased by 3 as funds were not available for their support.

These schools had, on the 31st March 1926, 321 pupils on their rolls, of whom 231 attended daily on an average. The corresponding figures for the previous year were 312 and 243, respectively. Thus there was an increase of 9 in strength and a decrease of 12 in attendance.

The expenditure on these schools amounted to Rs. 1,570, of which Rs. 544 was provided by the State and Rs. 1,026 from the local sources. The corresponding figures in the previous year were Rs. 1,806, Rs. 586 and Rs. 1,220, respectively. With the decrease in the number of institutions there was a decrease of Rs. 236 in the total expenditure.

Over and above these sectarian Schools for Mahomedan boys all other educational institutions were attended on a fairly large scale by Mahomedan pupils. The total number of pupils returned for all educational institutions under this Department was 11,413 on the 31st of March 1926. Of these, 3477 were Mahomedans.

164. *Primary Schools.*—The following table gives the particulars of the Primary Schools in the State as they existed on the 31st March 1926:—

The increase in mortality was mainly due to Malarial Fever and Cholera and Bowel complaints which may be attributed to the want of good drinking water.

The total number of attacks was 357, out of which 38 only ended fatally, i. e., 1.64 per cent cases died. H. L. KRISHNAIAH, Esq., B.A. BARAGHAT, M.A.  
Revenue Officer, Cooch Behar.

To

HER HIGHNESS THE PRESIDENT, REGENCY COUNCIL,  
COOCH BEHAR.

Dated, Cooch Behar, the 13th July, 1926.

YOUR HIGHNESS,

I HAVE the honor to submit the Annual Report on the Administration of the Revenue Department of the State for the year 1925-26.

2. The late Babu Jagadballabh Biswas was in charge of the Department from the beginning of the year to 22nd July 1925, when he fell ill and went on leave to Calcutta where he died. Srijut Rajani Kanta Bhaumik, Fouzdari Ahilkar, officiated as Revenue Officer from the 3rd August 1925 till 12th November 1925 when I took over charge and the Department was under my control for the remainder of the year.

#### SECTION I—LAND REVENUE.

3. The current demand of Land Revenue for the year under report was Rs. 20,32,883 and the arrear demand including Rs. 1,907 due to resettlements concluded in the year under report with retrospective effect, was Rs. 3,50,279. The total demand thus amounted to Rs. 23,83,162. The total collection was Rs. 20,52,644 but as this amount includes excess payments amounting to Rs. 5,433 on account of future liabilities for land revenue, the net collection for the year was Rs. 20,47,211. Remissions were granted for Rs. 6,636. The net amount credited against the total demand of Rs. 23,83,162 was thus Rs. 20,53,847 (Rs. 20,47,211 plus Rs. 6,636) leaving a balance of Rs. 3,29,315 for recovery. The following table compares the figures for the last eight years:—

4. From the details in Statements I and II appended to this report which refer to Mal and Debutter land revenue it will be seen that as compared with 1924-25, there was a gross increase of Rs. 12,404 and a gross decrease of Rs. 16,515 in the current demand or a resultant net decrease of Rs. 4,111. For facility of reference, the different items of increase and decrease are shown in the following table:—

Particulars.	Increase.	Particulars.	Decrease.	REMARKS.
Increase obtained by annual progressive enhancement of revenue entered in the Towji ...	Rs. 4,837	Decrease due to relinquishment of jotes ...	Rs. 1,010	
Increase obtained by the settlement of Khas and Payasti lands Rs. 1,538 ...	2,525	Decrease due to jotes being declared Khas under Section 19 of the Revenue Sale Act ...	1,272	
Increase obtained by the re-settlement of Khas and relinquished jotes, Rs. 987		Decrease due to cancellation of leases of bad Jotes ...	258	
Increase due to rectification of mistakes ...	7	Decrease due to diluvion ...	66	
Increase obtained by the re-settlement of Syrat Mehals ...	5,035	Decrease due to acquisition of land for public purposes ...	83	
		Decrease due to modification of the settlement increase ...	83	
		Decrease due to rectification of mistakes ...	275	
		Decrease due to the falling off of revenue from Syrat Mehals ...	13,493	
Total ...	12,404	Total ...	16,515	

5. The decrease in the current demand was chiefly due to the falling off in the revenue from Syrat Mehals, the revenue from which fluctuates from year to year. In the previous year there was an increase of Rs. 11,945 obtained by the resettlement of Syrat Mehals. The bids were speculative in several instances and the increase obtained in 1924-25 could not be maintained. The decrease under this head during the year under report has nearly counter-balanced the increase obtained in the previous year.

6. There was, however, an increase of Rs. 2,525 obtained by the settlement of Khas and relinquished Jotes as well as of Khas and Payasti lands as against Rs. 799 of the previous year.

7. The collections for the year under report (Rs. 20,52,644) exceeded the current demand, the collections for 1924-25, and the average collections for the preceding five years, by Rs. 19,761, Rs. 2,071 and Rs. 1,37,915 respectively. Of the unrecovered balance of Rs. 3,29,315 shown in the table in paragraph 3 above, Rs. 1,43,679 was due at the close of the year from the estates under the management of the Court of Wards.

The following table compares the collections in each Sub-divisional office during the last two years :-

Name of Sub-division.	Demand.			Amount collected.	Percentage of collection on current demand.	Balance.	Percentage of balance on audit.

There was a slight improvement in the total collections in comparison with the previous year. Excepting in Tufangunj, the collection exceeded 100 per cent of the current demand in all the Sub-divisions. There was a slight falling off in collections in the Sudder and the Dinhata Sub-divisions, but the other Sub-divisions shewed an improvement. The balance decreased everywhere except in Tufangunj.

8. As shewn in the table in paragraph 3, the balance outstanding at the close of the previous year amounted to Rs. 3,48,372, while that brought forward in the accounts for the year under report was Rs. 3,50,279. The increase of Rs. 1,907 was due to resettlements concluded during the year under report with retrospective effect. The details of the arrear balance at the end of 1925-26 are shewn in the following table :-

Details regarding balance shewn at the close of 1924-25.	1. Amount of balance shewn at the close of 1924-25 Rs. 3,48,372 ... A.	Amount collected during 1925-26	Rs. 1,57,722

	7. Total balance shewn against headings 2 and 5	... 1,85,286	
	8. Total amount which may prove irrecoverable out of the balance shewn against headings 2 and 5 above	... Nil	

The amount remitted out of the arrear demand ( Rs. 6,230 ) together with the amount written off out of the current demand ( Rs. 466 ) makes up the total of Rs. 6,696 in account of remission granted during the year which is only 27 per cent of the total demand of Rs. 23,83,162. The remissions were due to dilution, acquisition of land for public purposes and other miscellaneous causes.

9. The total number of Jotes shewn on the revenue rolls was 25,355 against 25,355 of the previous year. There was thus an increase of 71 Jotes due as usual to settlement of Khas lands and resettlement of Khas and relinquished Jotes. 7,498 Jotes were advertised for sale for recovery of arrears of revenue, out of which 736 were actually sold. The number of cases in which the sale was annulled was 145. The penalties realised amounted to Rs. 7,057, of which Rs. 1,797 was paid to the auction-purchasers under sub-section 5 of Section XXVII of the Revenue Sale Act.

10. There were 2,463 cases under the Public Demands Recovery Act, of which 1,908 were disposed of and 555 remained pending at the close of the year. The recoveries by this procedure amounted to Rs. 1,38,695.

11. *Canoongoes*.—As the Settlement operations are still in progress, Munshi Kazemuddin Ahmed, First grade Canoongoe of the Revenue Department, continued to be on deputation to the Settlement Department. The work of pointing out the sites of masonry pillars to be replaced by re-inforced concrete pillars all along the Cooch Behar-Jalpaiguri and Cooch Behar-Assam boundaries referred to in the previous year's report could not be finished by Canoongoe Srijut Jyotish Chandra Das Gupta during the year as he was engaged on other urgent work in connection with the Cooch Behar-Assam boundary.

The number of cases which remained pending with the Canoongoes at the end of the previous year was 144. Together with 1,593 cases made over to them for enquiry during the year, the total number of cases for enquiry was 1,737 against 1,782 of the previous year shewing a decrease of 45 cases. Enquiries were completed in 1,523 cases and 29 cases were returned without enquiry. Altogether 185 cases remained pending at the close of the year. The number of cases enquired into in each Sub-division is shewn below :—

12. *Revenue Cases*.—Four thousand one hundred and seventy-four cases were instituted during the year under report and 1,370 cases were pending at the close of 1924-25. The total number for disposal was thus 5,544, of which 4,307 cases were disposed of and 1,237 remained pending at the close of the year. The following table compares the work in the Sub-divisional Offices during the last two years :—

Name of Sub-division.	Year.		Total for disposal.	Number disposed of.

13. *Cases in which the State is a party.*—The only case in which the State was a party and in which the State Pleader appeared on behalf of the State was Civil Suit No. 7 of 1921-22 (Umash Chandra Bhaduri *ore.* Ramesh Chandra Bhaduri and the State. This case has been pending from the previous years. It has now been concluded and is ripe for judgment.

14. *Nezarat.*—The following comparative table shows the work done by this department during the last two years:—

Year.	Process served free of charge.	Process for realisation of arrears of revenue for which fees are realised afterwards	Process for which fees have been realised.	Total number of process.	Amount realised.	Expenditure.
					Rs. A. P.	Rs. A. P.
1924-25 ...	4,105	3,476	11,607	19,188	12,143 4 0	8,213 10 7
1925-26 ...	3,514	3,678	13,060	20,252	13,072 12 0	8,918 1 7

The total number of processes rose from 19,188 in the previous year to 20,252 in the year under report. The number of processes for which fees were realised increased by 1,453 and there was a corresponding increase of Rs. 929-8-0 in process fees. The expenditure during the year was Rs. 8,918-1-7 which exceeded that of the previous year by Rs. 704-7-0. This excess was due to the grant of Grain Compensation Allowance with effect from the beginning of the year under report to employees drawing a pay of not more than Rs. 25 a month. The total realisations exceeded the expenditure by Rs. 4,154-10-5.

15. *Communication Improvement Cess.*—The current demand during the year under review was Rs. 1,951 against the same amount of the year previous. The arrears amounted to Rs. 365 against Rs. 277 of the previous year. The total demand was, therefore, Rs. 2,316 against Rs. 2,228 in 1924-25. Rs. 1,916 was collected during the year against Rs. 1,928 of the year previous. The amount of excess collections or collections made against future demands was Rs. 49 against Rs. 65 of the preceding year. The collections made during the year fell short of the current demand by Rs. 35. The balance left un-realised at the close of the year was Rs. 448.

16. *Crops and condition of people.*—The rainfall registered during the year at the Sudder Station was 126-90 inches against 162-13 of the previous year and the normal rainfall of 135-98 inches. The details in the margin shew the distribution month by month. The rainfall during the year fell short of that in the year previous by 35-23 inches, and of the normal by 9-08 inches.

The even distribution of rainfall during the months of April and May facilitated the cultivation of *bitri* paddy, but the heavy and frequent showers during the succeeding month of June were not helpful towards the weeding operations which were retarded in consequence. The plants did not thrive well and when they were in ears, high winds blew and damaged the crop to a certain extent with the result that only a 9 anna crop was harvested and the price varied from Rs. 2-8 to Rs. 3-12 per maund.

The heavy rains in June retarded the weeding of jute also and arrested the proper growth of the plants. There was no difficulty in steeping and washing the jute, but for the reason stated above the outturn was not more than 8 annas. The price rose considerably and ranged between Rs. 16 and Rs. 25 per maund against Rs. 8 to Rs. 16 in the previous year. The high price of jute amply compensated the cultivators against a short outturn.

The weather conditions were favourable to the cultivation of *Asimanti* paddy. There was no hindrance to the successful rearing of the seedlings in the nurseries and to the work of transplantation. The showers were seasonable and beneficial to the growth of the plants. Some damage was, however, done by the flood to certain Talaks in the Sub-division of Tufanganj. The crop

when harvested yielded an outturn of 15 annas and the price of common rice ranged between Rs. 5 and Rs. 8-12 per maund.

The falls in September left an abundance of moisture in the fields and the sowing of tobacco seeds was delayed in consequence. The work of transplantation, however, progressed favourably and the weather conditions helped the plants to thrive well. In the month of March there was a hailstorm which damaged the crop to some extent in certain tracts of the Sudder Sub-division. The outturn yielded was 12 annas only and the price ranged between Rs. 13 and Rs. 27 per maund.

The outturn of mustard seed was 11 annas only and the price varied from Rs. 7 to Rs. 11 per maund.

During the year under report, small-pox was prevalent more or less in all the Sub-divisions of the State. The Dinhata Sub-division suffered the most. The number of persons attacked was 396, of whom 64 died.

Cholera broke out during the year in all the Sub-divisions of the State. There were 947 deaths out of 1,443 persons attacked. The largest number of cases occurred in the Mathabhanga Sub-division. Dinhata also fared badly but not so much as Mathabhanga.

Cattle-disease was reported from the Sudder and Dinhata Sub-divisions only. The total number attacked was 363, of which 217 died.

17. *Emigration*.—The following table gives the details for each Sub-division :—

	Emigrants.	Immigrants.

18. *Tours*.—I was away from Head-quarters for 20 days including the period spent in Calcutta for attending Council meetings. My predecessor the late Babu Jagadballabh Biswas and the Officiating Revenue Officer Srijut Rajani Kanta Bhaumik were out on tour for 11 and 22 days respectively.

The period of tour of each Naib Ahilkar is shewn in the following table :—

	Total number of days.	Number of nights passed in the interior.

The Sub-divisional Officers of Dinhata and Mathabhanga should have spent a larger number of nights in the interior. The touring done by the Malcutchery Naib Ahilkar also appears to be inadequate. Their attention is being drawn to this matter.

19. *Intestate property*.—The properties of persons who died intestate and heirless escheated to the State under the provisions of the Unclaimed and Intestate Property Act as in the previous year. The number of cases of such

escheats and the recoveries made on account of them in each Sub-division are shewn below :—

20. *Character of officers.*—The Head Clerk and Sheristadar Srijut Mohim Chandra Mukerjee continued to work efficiently and satisfactorily.

## SECTION II.—EXCISE REVENUE.

21. The Excise Revenue from outstills increased from Rs. 80,088 in 1924-25 to Rs. 81,648 in the year under report. The revenue from duty levied on consumption of Gunja increased from Rs. 67,608-4 to Rs. 76,740 and the revenue from Opium from Rs. 28,572 to Rs. 24,637. The current demand of Excise Revenue for the year was Rs. 2,34,167 against Rs. 2,22,102 of the previous year shewing an increase of Rs. 12,065. Including the arrear demand of Rs. 4,448, the total demand was Rs. 2,38,615. The collections amounted to Rs. 2,34,167 out of the current demand and to Rs. 521 out of the arrear demand. The total collections were Rs. 2,34,688, of which the details are shewn in the appended Statement. The total population of the State according to the last Census of 1921 being 5,92,472, the incidence of Excise Revenue per head of population was 6 annas and 4.05 pies.

22. The table given below compares the collection in each Sub-divisional office during the last two years :—

Name of Sub-division.	Total demand for 1925-1926.	Total collections for 1925-1926.	Total collections for 1924-1925.
	Rs. A. P.	Rs. A. P.	Rs. A. P.

Total ... ..	2,38,615 0 0	2,34,688 0 0	2,24,988 0 0

It will appear from the Statement that excepting at the Sudder there was a marked improvement in collections in every Sub-division of the State, Dinhata and Mekligunj showing the best results. The increase of Rs. 9,700 in the total collections was mainly due to the increased consumption of country spirit, Ganja and Opium as also to the rise in the duty on Gunja during the year under report.

23. The variations under each head of Revenue are explained below :—

- Country spirit.*—The current demand on account of license fees increased from Rs. 80,088 in 1924-25 to Rs. 81,648 in the year under report and there was a corresponding increase in collections.
- Imported spirit.*—The license fees amounted to Rs. 420 against the same amount in the previous year. The collection on account of license fees of denatured spirit was Rs. 80 against Rs. 15 of the previous year. Three new shops of denatured spirit were opened during the year under report. There was an increase in consumption from 179 bottles in 1924-25 to 348 in the year under review, resulting in an increase in receipts from duty from Rs. 67-7 to Rs. 128-18.

- (c) *Gunja*.—The total demand on account of license fees was Rs. 43,790. The amount collected was Rs. 42,569 against Rs. 43,806 of the previous year. The consumption amounted to 87 maunds 21 seers and 8 Chataks which exceeded the consumption for the previous year by 1 maund 18 seers and 12 Chataks. The increase in collections on account of duty which rose from Rs. 67,608-4 in 1924-25 to Rs. 76,740 in the year under report was mainly due to the rise in the rate of duty from Rs. 21 to Rs. 22 per seer with effect from the 1st May 1925. From the previous year's report it will be seen that the duty was levied at the rate of Rs. 20 per seer for about 10 months from the beginning of the year and at Rs. 21 per seer for the remaining two months.
- (d) *Opium*.—The consumption of opium amounted to 8 maunds and 27 seers which exceeded that of the previous year by 15 seers. The duty levied during the year necessarily increased from Rs. 23,572 to Rs. 24,637. There was a decrease of Rs. 27 only in the license fees which amounted to Rs. 4,128.
- (e) Nineteen licenses were issued to vendors of fresh Tari during the year under report and Rs. 95 was realised on account of license fees.
- (f) Seventy-five permits to Chemists and Druggists were granted during the year under report against seventy-two in the previous year. The license fees at Re. 1 each amounted to Rs. 75 against Rs. 72 of the previous year.

24. There were 3 cases under the Excise Law, of which 2 ended in conviction and 1 remained pending at the close of the year.

25. Rupees 3,969-0-6 was received from the Government of Bengal during the year under review against Rs. 4,005-2-11 in the previous year on account of compensation for transfer to that Government of the Excise Administration of all the isolated Chhits of Cooch Behar territory in Bengal.

### SECTION III.—COURT OF WARDS.

26. *Estates under the management of the Court of Wards*.—There were 26 Estates under the management of the Court of Wards at the close of 1924-25. No new estate was taken under management during the year nor was any estate released with the result that there was no change in the number of the estates under management. A comparative statement shewing the current and arrear demands of the estates as also the demands of Revenue and Rent due from them is given below :—

			1924-25, Rs.	1925-26, Rs.
Current demand	...	...	2,49,577	2,38,404
Arrear demand	...	...	4,31,475	4,07,928
Total demand	...	...	6,81,052	6,46,332
Revenue and rents due to superior land-lords	...	...	1,61,141	1,62,194
Payment on account of revenue and rents to superior land-lords.			1,87,473	1,78,639

The decrease in the current demand for the year under report was due to (1) the release of the property in the British districts of the estate of Monmohini Dasgupta; (2) the Court of Wards having ceased to manage the property at Debigunj in the Jalpaiguri district of the estate of the late Babu Umesh Chandra Talukdar; and (3) the property in the Mathabhanga Sub-division of the estate of Babu Jatindra Chandra Maitra and others being placed under the management of the proprietors.

27. The following statement shows the receipts and disbursement of the estates for the year under report :—

Particulars of receipts.	Amount. Rs.	Particulars of disbursement.	Amount. Rs.
Cash balance at the close of 1924-25	2,875	Fees for management of the Estates ...	20,718

28. *Character of officers.*—The Manager Srijut Pramatha Bhusan Chakravarti is an intelligent officer who takes interest in his work. The arrear demands of the estates are heavy and it will be greatly to the Manager's credit if he can substantially reduce the heavy arrears.

#### SECTION IV.—DEBUTTER DEPARTMENT.

29. The Janmatithi celebration of His Highness the Maharaja Bhup Bahadur was performed during the year under report at Woodlands, Calcutta, on the 24th November 1925 as desired by Your Highness. The annual Ekoddista Sradh of His Highness the late Maharaja Sir Jitendra Narayan Bhup Bahadur, K. C. S. I., was also performed there on the 17th December 1925.

30. The daily recitation of Mrityunjaya Mantra which was commenced in March 1925 at the Sudder Thakurbari as mentioned in the previous year's report was concluded during the year under review. The expenditure incurred was Rs. 561.

31. The room with the padastal on which Sree Sree Anandamoyee Kali Thakurani is installed at the Sudder Thakurbari was provided with a marble floor at a total cost of Rs. 555,

32. The anniversary of the demise of His Highness Maharaja Sir Nripendra Narayan Bhup Bahadur, G. O. I. E., C. B., and that of His Highness Maharaja Raj Rajendra Narayan Bhup Bahadur were celebrated as in previous years with due solemnity on the 18th and the 1st September respectively. The residents of the town assembled in large numbers in front of the Samadhis where special prayers were offered.

33. In the Debutter Department, the total disbursement amounted to Rs. 54,068 against Rs. 60,905 of the previous year.

34. *Cook Bazar.*—The charges for the cost of establishment were Rs. 12,227 against Rs. 11,905, Pujahs &c., Rs. 28,024 against Rs. 28,639, Repairs to Temples Rs. 790 against Rs. 450, Dharmasala Rs. 2,397 against Rs. 2,731 and other miscellaneous charges Rs. 10,330 against Rs. 11,171 of the previous year.

35. All the Pujahs and periodical ceremonies were duly performed. A very large number of people attended the Rashmala during the year under report. The Railway authorities had to arrange for special trains for the conveyance of visitors to the Meli.

36. The number of poor people who were provided with food at the Sudder Thakurbaris was 67,031 against 65,544 of the previous year with a corresponding increase in the daily average from 179.57 to 183.64.

37. The number of guests and Atithis fed at the Dharmasala was 1,612 against 1,708 of the previous year.

38. The number of patients who attended the State Ayurvedic Charitable Dispensary was 15,175 with a daily average attendance of 41.57. The Ayurvedic garden in the town was maintained as heretofore.

39. The number of poor students who received stipends from the Debutter Department during the year was 39 of whom 19 were natives of the State. The total amount disbursed for stipends was Rs. 2,948. Among the stipendiaries, three passed the I. Sc., and one the Matriculation Examinations. The results of the B. A. and B. Sc. Examinations are not yet out. Of the successful candidates, one was a native of the State. During the year new educational stipends were granted to 12 students.

40. The amounts disbursed from the Debutter Department on account of contribution to Religious and Charitable Institutions, Donation, Allowance to Rajgons as well as Allowance to Brahmans and others were Rs. 7,505, Rs. 4,723, Rs. 30,470 and Rs. 12,755 respectively. Contribution to Religious and Charitable Institutions increased from Rs. 4,934 in 1924-25 to Rs. 7,505 during the year under report. The increase was due to an additional grant of Rs. 1,700 being made for the improvement of the Cooch Behar Leper Asylum and of Rs. 1,500 for a silver cup presented to the Royal Turf Club, Calcutta. Besides these expenditure, contributions and donations amounting to Rs. 1,400 were paid direct from the Treasury.

41. *Benares.*—The Miscellaneous receipts including the sale-proceeds of the garden produce at Benares amounted to Rs. 244 against Rs. 319 of the previous year. The expenditure on account of establishment and other charges was Rs. 4,037 and Rs. 18,302 against Rs. 4,029 and Rs. 12,352 respectively of the previous year. The increased expenditure under other charges during the year under report was chiefly due to the large outlay in repairing the State houses at Benares. The number of persons who were provided with free meals at the Chhatra was 92,090 against 89,862 of the previous year, shewing an increase of 2,218 persons.

#### SECTION V.—MISCELLANEOUS.

42. *Bunder.*—The total number of carts registered at the Bunder at Haldibari was 32,151 against 58,571 of the previous year shewing a decrease of 26,420 carts. Owing to the partial failure of the jute crop, the number of jute carts which came to the Bunder during the year was less than one half of the number which came to the Bander during the previous year. The large decrease in the number of jute carts accounted for the decrease in the total number of carts. There was also a small decrease in the number of carts carrying commodities of other kind excepting bamboo-mats and tobacco. The collection of tolls necessarily came down to Rs. 4,025-6-0 from Rs. 7,330-8-6 of the previous year. The expenditure amounted to Rs. 1,502-10-11 against Rs. 1,541-2-6 in 1924-25. The net gain to the State was, therefore, Rs. 2,522-11-1. There was also a decrease in the export of jute and tobacco from the Calicagunj Bunder at Mathabhanga, 20,918 maunds of jute and 45,540 maunds of tobacco being exported from the Bunder against 30,144 and 59,725 maunds, respectively, in the previous year.

43. *Fairs.*—The total collection of tolls at the Garad Hat, Fulbari and Changrahanda Fairs amounted to Rs. 1,029 against Rs. 1,384 of the previous year. The collection for Rashmela in the town of Cooch Behar during the year under report was Rs. 1,078 only against Rs. 4,881 in the previous year. The decrease was due to the fact that no Triguti Khela (a kind of gambling) was permitted in the Mela. There were annual fairs held at Dikata and

Haldibari as usual and the collections from these two fairs were as usual made over to the local Town Committees. An income of Rs. 465 was derived from the Gadadhar Fair which is held in Taluk Ambari at the confluence of the Kaljani and the Gadadhar rivers. The Shivaratri Mela at Bancswar which is gradually growing in importance yielded an income of Rs. 130 against Rs. 91 of the previous year. There was no Baruni Mela at Kalighat in the Sudder Sub-division during the year under report.

An Agricultural and Industrial Exhibition with a cattle show was held in the month of March on the Parade grounds in the Town of Cooch Behar under the kind patronage of Your Highness. Subsidiary attractions were provided in the shape of Sports, Jatra performances and Bioscopes and people flocked in large numbers to see the Exhibition. A sum of Rs. 2,000 was paid towards the Exhibition Fund from the Revenue Budget under orders of the Regency Council. The Exhibition was a great success.

44. *Cooch Behar Town*.—The current demand of Land Revenue in the town was Rs. 26,178 against Rs. 31,349 of the previous year. The decrease was mainly due to the decrease in the Syrat Revenue from the Devibari Mela and the Rashmela where no Triguti Khela was permitted to be held during the year under report. Together with an arrear demand of Rs. 3,403 the total demand was Rs. 29,591 out of which Rs. 25,729 was collected inclusive of an excess payment of Rs. 66. The balance remaining unrealised at the close of the year was Rs. 3,919. The revenue derived from the Town was as usual paid to the Town Committee of Cooch Behar.

I have the honor to be,

YOUR HIGHNESS'

Most obedient, humble servant,

H. L. KHASTGIR,

*Revenue Officer of the State, Cooch Behar.*

FROM

MAJOR C. T. C. PLOWDEN, I. A.,

*Vice-President, Regency Council,*

*In the Settlement Department, Cooch Behar State.*

TO

HER HIGHNESS THE REGENT AND PRESIDENT,

REGENCY COUNCIL, COOCH BEHAR.

*Dated, Cooch Behar, the 28th July 1926.*

YOUR HIGHNESS,

I have the honour to submit the Annual Administration Report of the Settlement Department for the year 1925-26.

2. *Charge*.—I held charge of the Department throughout the year.

3. *Staff*.—Sreejut Karali Charan Ganguli of the Bengal Civil Service continued to be the Settlement Officer of the State, except for a period of one month, from the 20th January to the 19th February 1926, when he was absent on leave and Sreejut Priyanath Ray Choudhuri, Assistant Settlement Officer, remained in charge of the office.

The three experienced Kanungos lent by the Government of Bengal worked as Assistant Settlement Officers throughout the year. Munshi Kajemuddin Ahmed, Senior Kanungo of the Revenue Department of the State, remained on deputation in the Settlement Department during the year. This Kanungo and Sreejuts Bijay Chandra Banerjee and Srish Chandra Ghosh, temporary Kanungos, were vested with the powers of Assistant Settlement Officers under the Resettlement Notification dated the 7th March 1926 published in the State Gazette dated the 22nd March 1926 in order to expedite the hearing of objections. Sreejut Ishan Chandra De, Assistant Kanungo, reverted to the Revenue Department on the 1st June 1925.

Sreejut Priyanath Ray Choudhuri, Assistant Settlement Officer, spent 52 days in May 1925 and January to March 1926 in helping the Naib Ahilkar, Tufanganj, during the adjustment of the boundary of the State with the Goalpara and the Rangpur districts.

4. *Final orders on the proposals in connection with the resettlement*.—As stated in last year's report, the Regency Council's proposals for the resettlement of the land revenue of the State were forwarded to the Political Agent for his concurrence on the 4th April 1925, with a letter which reviewed at length all the questions requiring consideration. The Regency Council had proposed to offer alternatives of a settlement for 99 years and of a settlement for 30 years, the former offer involving higher rates of revenue than the latter in the case of seven out of the fifteen classes of land. Their sole reason for proposing a 99 years settlement was that His Highness, the late Maharaja, had decided and publicly announced that the settlement about to be concluded would be for 99 years. After careful consideration of the proposals of the Regency Council, His Excellency the Governor of Bengal in Council was satisfied that a settlement for 99 years would not be in the interests of the Ruling Family of the jotedars or of the undertenants, and he was unable,

therefore, to agree to it. His Excellency in Council, however, accepted the alternative proposal for a 30 years settlement and all the other proposals of the Regency Council. The orders of Government were received at the end of June 1925 and the Resettlement Notification dated the 11th July 1925 containing the final orders of the Regency Council was published, (both in English and Bengali), in two successive issues of the State Gazette (dated the 18th and 27th July 1925), for general information.

The final orders are reproduced below :—

"1. *Period of settlement.*—The period of the settlement about to be concluded shall be for 30 years. This period of 30 years shall be counted from the beginning of the Bengali year in which the rents and revenue about to be settled take effect.

"2. *Rates of revenue.*—(a) The provisional rates of assessment per bigha for Awal, Doem and Soem land sanctioned on the 10th April 1922 and published in the State-Gazette dated the 12th April 1922 are confirmed. These rates are :—

CLASS OF LAND.	CLASS OF TALUK.		
	First	Second	Third.
	Rs. A.	Rs. A.	Rs. A.
Awal ...	1 3	1 1	0 15
Doem ...	0 14	0 13	0 12
Soem ...	0 11	0 9	0 8

(b) The old rates for all the other 12 classes of land shall remain unaltered for the whole period of the settlement.

"3. *Girds Chowra, Sandara and Bilat Bisguri.*—In the case of these Girds :—

(a) The old rates for *laik patit* and *nalaik patit* land, *vis.*, 2 annas per bigha and 1 anna per bigha, respectively, shall be retained ; and

(b) the rates for all the other 13 classes of land shall be  $\frac{1}{4}$ th of the rates applicable to Jotes in ordinary tracts. The table below shows the rates to be applied to the 13 classes of land in these three Girds :—

"4. *Payasti lands, lands in towns and Bunders and new settlements of State Khas lands.*—Payasti lands will be subject to a 10 years settlement in accordance with past practice. The settlement of lands in towns and Bunders and new settlements of State Khas lands will be subject to such terms and conditions as may be decided upon from time to time.

"5. *Mokarari and Lakheraj Estates*.—The rates and the period of settlement mentioned in the foregoing paragraphs for Mal and Debutter Mahals shall apply to the holdings in Mokarari and Lakheraj Estates.

"6. *Rents*.—Fair and equitable rents shall be settled for all grades of undertenants, including the *Krishiprajas* (illegally settled undertenants now recognised under the title of cultivating raiyats) on the basis of the classification of the soil and as far as possible according to the scale of profits hitherto in force and now slightly modified in order to provide for the cases of *Krishiprajas* (*vide* paragraph 7 (c)).

In the cases, however, in which the rents paid are in excess of the rents payable in accordance with the sanctioned scale of profits the procedure laid down below shall be followed :—

Where the existing contractual rent of an undertenure exceeds the rent calculated under the sanctioned scale of profits but does not exceed double that rent, the immediately superior landlord shall be allowed either the existing profit or a profit of 50 % in excess of that admissible under the sanctioned scale, whichever is less. Where, however, the contractual rent exceeds double the rent calculated under the sanctioned scale of profits, the immediately superior landlord shall be allowed double the sanctioned profit, provided that the contractual rent has been realised for more than 10 years, the burden of proving which shall be on the landlord. Failing such proof, the landlord shall be allowed a profit only 50 % in excess of that admissible under the sanctioned scale of profits.

#### Illustrations.

- (1) Where a Jotedar's revenue is fixed at Rs. 100 for a certain arear, the Chukanidar's rent at the sanctioned rate of profit, in respect of the same area, should be Rs. 135 and the Jotedar's profit Rs. 35. If the rent be contractual and exceeds Rs. 135 but does not exceed Rs. 270, the maximum rent allowable shall be Rs. 152-8 (or Rs.  $100 + 5 + 17-8$ ); but where the existing rent does not exceed Rs. 152-8, the existing rent shall remain in force for the whole period of the settlement; i.e., Chukanidars' rents ranging between Rs. 135 and Rs. 152-8 shall not be altered, while those between Rs. 152-8 and Rs. 270 shall be reduced to Rs. 152-8. Where the existing contractual rent exceeds Rs. 270 and the Jotedar proves collection of that rent for more than 10 years, the Chukani rent shall be fixed at Rs. 170 (or Rs.  $100 + 35 + 35$ ); but failing such proof, it shall be reduced to Rs. 152-8.
- (2) Where the Jotedar's revenue is fixed at Rs. 100 and the Chukanidar's rent at Rs. 135 and the entire area has been sublet to a cultivating Darchukanidar, the Chukanidar should get a profit of Rs. 25 under the sanctioned scale and the calculated rent of the Darchukani should be Rs. 160. If, however, the Darchukani rent be contractual and exceeds Rs. 160 but does not exceed Rs. 320, the maximum rent allowable to the Chukanidar shall be Rs. 172-8 (or Rs.  $135 + 25 + 12-8$ ); but where the existing rent does not exceed Rs. 172-8, it shall be retained; i.e. rents ranging between Rs. 160 and Rs. 172-8 shall be left unaltered, while those between Rs. 172-8 and Rs. 320 shall be reduced to Rs. 172-8. Where the existing contractual rent exceeds Rs. 320 and the Chukanidar proves collection of that rent for more than 10 years, the Darchukani rent shall be fixed at Rs. 185 (or Rs.  $135 + 25 + 25$ ); but in the absence of such proof, it shall be reduced to Rs. 172-8.

- (3) If, in illustration (2) above, the Chukanidar's rent be contractual and be fixed on the lines laid down in (1) above, the rent so fixed shall be substituted for Rs. 135 in the above calculation, (but not for calculating the rent of the Darchukani at the sanctioned rate of profit) and the Darchukani rent shall be settled accordingly. Thus, where the Chukani rent is fixed at Rs. 152-8 instead of at Rs. 135, the minimum rent allowable to the Chukanidar is Rs. 177-8 (or Rs. 152-8 + 25). If the Darchukani rent be contractual and ranges between Rs. 177-8 and Rs. 320, [or  $2 \times (135 + 25)$  but not  $2 \times 152-8 + 25$  or 255], the maximum rent allowable to the Chukanidar shall be Rs. 190 (or Rs. 152-8 + 25 + 12-8), and rents between Rs. 177-8 and Rs. 190 shall be retained, while those between Rs. 190 and Rs. 320 shall be reduced to Rs. 190. Where the existing contractual rent exceeds Rs. 320 and the Chukanidar proves collection of the same for more than 10 years, the Darchukani rent shall be fixed at Rs. 202-8 (or Rs. 152-8 + 25 + 25). Failing such proof, it shall be fixed at Rs. 190.

Where the Chukani rent is fixed at Rs. 170, the minimum rent for the Darchukani is Rs. 195 (or Rs. 170 + 25). But if the Darchukani rent be contractual and exceeds Rs. 195 but does not exceed Rs. 320, the maximum rent allowable to the Chukanidar shall be Rs. 207-8 (or Rs. 170 + 25 + 12-8); and rents ranging between Rs. 195 and Rs. 207-8 shall be retained, while those between Rs. 207-8 and Rs. 320 shall be reduced to Rs. 207-8. Where the existing contractual rent exceeds Rs. 320 and the Chukanidar proves collection of the same for more than 10 years, the Darchukani rent shall be fixed at Rs. 220 (or Rs. 170 + 25 + 25). Failing such proof, it shall be reduced to Rs. 207-8.

In the case of legally settled undertenants, where the existing rent is less than the rent payable under the sanctioned scale of profits, it shall be raised to the amount admissible under the sanctioned scale of profits.

In the case of *Krishiprajas*, where the existing rent is less than the rent payable under the sanctioned scale of profits the rent shall be raised to the amount admissible under the sanctioned scale of profits.

In the case of all future settlements of undertenants the rent shall be calculated on the basis of the classification of lands contained in the Terij and shall not exceed by more than the sanctioned scale of profits the rates at which the lessor's rent or revenue is calculated in the Terij. In the case of future settlements of tenants not paying revenue to the State, the proprietors of revenue-free and Mokarari Estates shall be entitled only to rents at the sanctioned rates of revenue based on the classification of lands contained in the Terij. These provisions shall apply to all holdings not shown in Terijes now under preparation.

*Illustration.*—For example, where the Jotedar's revenue is fixed at Rs. 100 and the Chukanidar's rent at Rs. 135 in respect of a certain area and that area is sublet to a Darchukanidar in the future, the Darchukani rent shall not exceed Rs. 160 (or Rs. 135 + 25). If, however, the Chukanidar's rent is contractual and is fixed at Rs. 152-8 as provided in illustration (1) above, the Darchukani rent shall not exceed Rs. 177-8 (or Rs. 152-8 + 25).

The realization of rent in excess of the rent legally payable is liable to the penalty imposed by section 69 of the Cooh Belur Tenancy Act. Naib Ahilkars are empowered to take action under that section *suo motu* or on simple petition or on reference from other Courts. The penalty imposed shall be recoverable under the Public Demands Recovery Act.

"7. *Krishipraja (Cultivating Raiyats)*.—In the case of *Krishipraja* (Cultivating Raiyats).—

- (a) The illegal tenancies discovered in the course of the present revisional operations shall be recognised and, except as regards rents payable which shall be governed by the orders now passed, shall possess the rights specified in the State Council Istabarnama dated the 2nd May 1918, relating to illegal settlements. As already announced in paragraph 5 of the Notification dated the 8th July 1925 published in the State Gazette (Extraordinary) dated the 9th July 1925, no *Krishipraja* will be required to pay Rs. 5 stamp for the recognition of his rights.
- (b) Where illegally settled tenancies of more than one grade exist, those of the lowest grade alone shall be recognised. If, however, the intermediate illegal tenants hold some lands in *khas* possession they shall be recorded as *Krishipraja* under the legal tenants in respect of those areas alone and the old as well as the new rents shall be split up on the basis of the areas under different classes in *khas* possession of the occupants of each such holding.
- (c) Where an illegally settled tenant has sublet land by registered *patta* the tenant to whom the land is sublet shall be treated as *Krishipraja* provided that he holds land in *khas* possession, and the case of the illegally settled tenant so subletting shall be governed by the provisions of (b) above.
- (d) If in the case of a verbal tenancy under a Jotodar or a Chukanidar there has been an exchange of registered *patta* and *kabuliyat* since Khanapuri, such tenancy shall be treated as a legal Chukani or Darchukani, respectively. This provision will apply also to those cases only of the nature described in which there may be an exchange of registered *patta* and *kabuliyat* within two months from the date of publication of this Notification.
- (e) The percentages of profits shall be the same as in the case of legal undertenants of the corresponding grades, i.e., for this purpose a *Krishipraja* under a Jotedar shall be treated as a Chukanidar; one under a Chukanidar as a Darchukanidar, and so forth. If any *Krishipraja* be found under a Tasya-tuli-chukanidar the percentage of profit shall be raised to 65 in the case of such a tenancy.

"8. *Future illegal settlements of undertenants*.—In the event of any undertenure being created contrary to the provisions of the Cooch Behar Tenancy Act and of this Notification, such undertenure shall not be recognised but shall be annulled and the lease of the creator of such undertenure shall be liable to be cancelled by the Revenue Officer of the State and all the right, title or interest of the creator of such undertenure in the lands covered by the lease shall thereupon be extinguished, or if the Revenue Officer of the State sees fit he may inflict a fine not exceeding Rs. 500 in lieu of cancelling the lease of the creator of the undertenancy. Such fines shall be recoverable under the Public Demands Recovery Act.

Where the creator of such undertenure is a co-sharer, his right, title, or interest alone shall be liable to be extinguished and he alone shall be liable to the fine prescribed above.

In the event of any tenure being created by the proprietor of a revenue-free or Mokasari Estate contrary to the provisions of the Cooch Behar Tenancy Act and of this Notification such tenure shall not be recognised but shall be annulled and the creator of such tenure shall be liable to a fine not exceeding Rs. 500 by the Revenue Officer of the State. Such fines shall be recoverable under the Public Demands Recovery Act.

Failure to register *pattas* and *kabuliyats* within 12 months from the date of creation of a tenure not paying revenue to the State or an undertenure shall be treated as an illegal settlement for the purposes of this paragraph.

Naib Ahilkars and Additional Naib Ahilkars are empowered to enquire into such cases as are mentioned above either on application or *suo motu* or on reference from other Courts and they shall forward the papers with a statement of the case and their recommendations to the Revenue Officer of the State for the passing of orders.

In cases in which the right, title or interest in lands are extinguished as provided for above, the lands shall revert to the immediately superior landlord.

"9. *Registration of pattas and kabuliyats in the case of future settlements of tenancies.*—*Pattas* and *kabuliyats* shall be presented for registration within six months from the date of creation of a tenure not paying revenue to the State or an undertenure. Failure to comply with this order shall be punishable with fine not exceeding Rs. 50 for each month or part of a month commencing from the date on which the period of six months referred to above terminates. Naib Ahilkars and Additional Naib Ahilkars are empowered to deal with such cases either *suo motu* or on simple petition or on reference from other Courts. The proceedings shall be summary and the fines shall be recoverable under the Public Demands Recovery Act. In accordance with the orders contained in paragraph 8 no *patta* or *abuliyat* shall be accepted for registration after the expiry of 12 months from the date of creation of a tenure or an undertenure."

5. *Other important Notifications, publication of Ekwai-Jamabandis and disposal of objections.*—As a considerable time had elapsed since the completion of field work and the records were likely to be out of date by the time the Terijes would be distributed, the Regency Council were pleased to afford the parties an opportunity to have recorded all changes which had not been entered in the Settlement papers and also to point out mistakes, if any, in the calculation of the new *jamas* to be settled now. According to the recommendations of the Director of Land Records and Surveys, Bengal, the Ekwai-Jamabandis (rent and revenue rolls) were, therefore, published at convenient centres from the 20th November 1925 till the end of the year and objections made to any entry in the Ekwai-Jamabandi or omission therefrom were received during that period. In order to expedite the correction of records in the Settlement Office in the case of changes in names of occupants on account of death, transfer, surrender, new settlement, etc. the parties were also allowed to file unstamped petitions in the Settlement Office from the 9th July 1925. The Resettlement Notification dated the 8th July 1925 containing the provisions regarding the publication of Ekwai-Jamabandis and the disposal of objections and appeals was published, both in English and Bengali, in the State Gazette (Extraordinary) dated the 9th July 1925 and in the Gazettes dated the 13th and 27th July 1925. In that Notification it was announced that, in view of the ignorance generally of the illegally settled tenants, the Regency Council proposed, as a matter of grace, to waive the claim to the stamp fee of Rs. 5 per *hâl* or portion of a *hâl* prescribed in the State Council Notification dated the 2nd May 1918 for recognition of the rights of those tenants.

Under paragraph 6 of the Notification dated the 11th July 1925 where the contractual rent exceeds double the rent calculated under the sanctioned scale of profits, the immediately superior landlord shall be allowed double the sanctioned profit, provided that the contractual rent has been realised for more than 10 years, the burden of proving which shall be on the landlord. Failing such proof, the landlord shall be allowed a profit only 50 per cent in excess of that admissible under the sanctioned scale of profits. It is difficult to say, without enquiry in the presence of the parties concerned, in which of the cases of high contractual rents there is evidence of collection of more than 10 years. Such

an enquiry in the case of each tenancy with a high rent would greatly retard the progress of the Settlement work and also involve unnecessary harassment of parties. Hence to save time and trouble, in the rent-rolls under publication only 50 per cent extra profits were calculated in such cases, and in the general notices of publication of the rent-rolls issued Taluk by Taluk, the landlords were required to file unstamped petitions within the period of publication in the cases in which they claimed double the sanctioned profit under paragraph 6 of the Notification dated the 11th July 1925, so that the parties concerned might be summoned to convenient centres for examination of the evidence of collection by Assistant Settlement Officers in those cases alone. This fact and also the numerous changes owing to deaths, transfers, new settlement, surrenders, etc., since the completion of field work have been responsible for the large number of objections received.

The stamped applications for maps prescribed in the Circular Order No. 5 A, dated the 18th May 1915 and published in the State Gazette, dated the 9th August 1915 have not yet been filed by the holders of some interests including the cultivating raiyats (*Krishiprajnas*.) It has, therefore, been ordered in the Resettlement Notification dated the 18th December 1925 and published in the State Gazette dated the 11th January 1926 that if the stamp fees are not paid within a month from the date of service of the necessary notice in the Taluk comprising the interest in respect of which such fees are due, double the amount payable shall be recoverable under the Public Demands Recovery Act and that the defaulters will be given no Terijes and maps until those stamp fees are realised.

6. *Work done*.—The calculation of rents and revenue was started immediately after the issue of the orders contained in the Notification dated the 11th July 1925 and was completed during the year under report.

Ekwal-Ja nabandis of 2,09,105 interests comprised in 1,320 Taluks were published during the year.

As shown in statement IV, the total number of objections received during the year under the Notification dated the 8th July 1925 was 58,278 of which 5,887 were disposed of before the close of the year, the claims having been allowed in 3,730 cases and disallowed in 2,157 cases.

The statements I to III show the work done in the different sections at headquarters.

7. *Expenditure*.—The Budget Estimate for the year under report was Rs. 1,24,660 while the actual expenditure amounted to Rs. 82,192-2-6 leaving a surplus of Rs. 42,467-13-6.

8. *Receipts*.—During the year, Rs. 2,849-8-0 were realised in stamps and Rs. 1,418-6-0 as Copying fees, while the miscellaneous receipts amounted to Rs. 221-15-2 Copying was done by the paid staff.

9. *Remarks*.—As the final orders of the Regency Council relating to the resettlement of the land revenue of the State were issued during the year under report I should like to repeat the remarks which I made in last year's report regarding the work of the Settlement Officer, Babu Karali Charan Ganguli, namely, that he rendered valuable assistance to the Council in the framing of their proposals for the resettlement of the land revenue. The Assistant Settlement Officers, Kanungos and ministerial officers generally discharged their duties satisfactorily.

I have the honour to be,

YOUR HIGHNESS'

Most obedient and humble servant,

C. T. C. FLOWDEN,

MAJOR,

Vice-President, Regency Council,

In the Settlement Department, Ouch Behar.

13. *Contested Suits.*—The following table compares the disposal of contested original suits in the State during the last four years:—

Years.	Civil.	Rent.	Small Cause Court.	Total.
1922-1923 ...	143	299	164	606
1923-1924 ...	139	317	139	595
1924-1925 ...	131	301	111	543
1925-1926 ...	122	271	88	542

The total number of contested suits decided was 542 being a little less than one-twentieth of the entire number of suits disposed of. The steady falling off in the number of disposals of contested suits is unsatisfactory and the Subordinate Courts will be asked to show a better outturn of work in future.

The disposals of contested cases by each Subordinate Court are shown below :—

(1.) Assistant Civil Judge	...	...	...	...	119
(2.) Naib Ahilkar, Dinhata	...	...	...	...	140
(3.) Additional Naib Ahilkar, Dinhata	...	...	...	...	68

Naib Ahilkar, Mekligunj	4 10	1 22	3 29	1 27	1 23	0 25

The duration was longest in the Court of the Additional Naib Ahilkar, Dinhata and shortest in that of the Assistant Civil Judge. The figures are on the whole disappointing and the attention of the Subordinate Courts is being drawn to the unusual delay in the disposal of civil and rent suits.

15. *Value of suits.*—Out of the total number of original suits disposed of, 115 were for claims not exceeding Rs. 5 in value, 1,378 or about one-seventh were for claims exceeding Rs. 5 but not exceeding Rs. 20; 2,926 or a little less than one-third were for claims exceeding Rs. 20 but not exceeding Rs. 50; 2,800 or a little above one-fourth were for claims exceeding Rs. 50 but not exceeding Rs. 100; 2,931 or a little less than one-third were for claims exceeding Rs. 100 but not exceeding Rs. 500; 186 suits were for claims exceeding Rs. 500 but not exceeding Rs. 1,000; 50 suits were for claims exceeding Rs. 1,000 but not exceeding Rs. 5,000; 5 suits were for claims exceeding Rs. 5,000 but not exceeding Rs. 10,000; 2 suits were for claims exceeding Rs. 10,000 but not exceeding Rs. 1,00,000.

16. *Pending suits.*—The number of suits pending at the close of the year was 1787 against 1473 of the previous year showing an increase of 314. Of the number pending 73 were more than six months and 14 more than a year old. These figures cannot be considered satisfactory.

17. *Summary procedure.*—The Assistant Civil Judge and the Naib Ahilkars of Dinahata, Mathabhanga and Mekligunj tried Small Cause Court suits valued at Rs. 100 and less and the Naib Ahilkar of Tufangunj up to Rs. 20 in value in accordance with the procedure laid down in the Small Cause Courts Act.

No case remained pending against 16 of the previous year. The amount of Amin's fees realised was Rs. 820 against Rs. 1,005 of the previous year showing a decrease of Rs. 185 and Rs. 53-8 was realised on account of fees for service of notices issued by the Civil Court Amin as in the previous year.

FROM

THE AUDIT OFFICER OF THE STATE,  
COOCH BEHAR.

TO

HER HIGHNESS THE MAHARANI SAHEBA,  
PRESIDENT, REGENCY COUNCIL, COOCH BEHAR.

*Dated, Cooch Behar, the 17th August, 1926.*

YOUR HIGHNESS,

I HAVE the honour to submit herewith the Financial Report of the Cooch Behar State for the year 1925-26 and to append the following Statements which will afford all the materials necessary for an appreciation of the financial situation in the year under report as compared with that in the year 1924-25 :—

- (1) Comparative Statement of Revenue and expenditure of the State for the years 1924-25 and 1925-26.
- (2) Comparative Statement of Receipts and Disbursements of the State for the years 1924-25 and 1925-26.
- (3) Ledger Balance of the accounts with the Cooch Behar State as they stood on the 31st March 1926.

2. The total aggregate revenues anticipated in the Revised for the year under report were Rs. 37,84,658, but the actuals of the year came up to Rs. 38,66,879 thereby showing an increase of Rs. 82,221. Again, the Revised Estimate provided for payments aggregating Rs. 41,80,395 but actual payments brought to account during the year amounted to Rs. 40,61,331 resulting in a saving of Rs. 1,19,064. The anticipated deficit of Rs. 3,95,737 in the Revised Estimate was thus reduced, when the actuals were brought to account, to a sum of Rs. [3,95,737 - (82,221 + 1,19,064)] = Rs. 1,94,502.

3. The actual revenue and expenditure for the year under report and the important fluctuations under the various heads as compared with those of the preceding year are discussed below :—

#### A.—REVENUE.

The revenue of the year 1925-26 amounted to Rs. 38,66,879 against Rs. 37,07,055 of the previous year showing a net drop of Rs. 40,186. The decrease occurred mainly under the following heads :—

##### I.—GENERAL REVENUE.—

- |  |                    |
|--|--------------------|
| ( ) <i>Sundries.</i> —Due mainly to the exclusion of the abnormal item included in the actuals of 1924-25, of Rs. 16,808 representing the balance of the Resettlement Fund credited to this head. ... .. | Rs.<br><br>—15,343 |
|--|--------------------|

##### III.—MISCELLANEOUS.—

- |   |        |
|---|--------|
| ( ) <i>Public Works.</i> —Due mainly to smaller receipts in the Artisans School on account of sale of manufactured articles | —8,079 |
